Grand Ledge, Michigan - Gormaya has announced that Substitutions for iOS 11 & greater has been updated to version 6.0. Substitutions features a top to bottom redesign and new Free price. Version 6.0 has been enhanced with a new Slide Over and Split View multitasking on iPads and relevant Amazon product links for several substitutions.

With newer iPads, use Split View multitasking to view Substitutions next to your favorite recipe web site or recipe app. Easily view ingredients in the recipe and search for substitutions to match any dietary needs for the recipe - or if you simply do not have a recipe ingredient. Substitutions 6.0 includes nearly 1500 ingredient and product substitutions for cooking or baking. Categories are as follows:

- * Alcohol, Allergy, Baking, Cooking, Dairy, Gluten-Free
- * Herbs, Spices, Low Carb, Low Fat, Low Sodium
- * Migrain, Seafood, Meat, Utensil, Vegan

Modify or add your own substitutions to your iCloud for all of your iPhone, iPad and iPod touch devices. Share substitutions via Message, Mail, or other apps. Print substitutions too! Substitutions was selected as one of The Best Allergy Apps of 2018 by Healthline.

Device Requirements:

- * iPhone, iPad or iPod touch
- * Requires iOS 11
- * 8.6 MB
