

## **A free French verb app that is simple and gamified - Les Verbes is here**

Published on 06/26/19

Wave Digital recently launched Les Verbes, a free French conjugation verb app. Targeted at intermediate French language students, Les Verbes focuses on the 30 most common verbs and tenses necessary to converse fluently. The app provides short daily quizzes to test your knowledge. This allows for a more natural approach to language learning. Just 2 minutes per day is all it takes to master the most commonly used verbs and improve the fluidity of your French conversations!

Melbourne, Australia - Wave Digital has recently launched a free French conjugation verb app, called Les Verbes. So why do we need yet another app on French verbs? Les Verbes is simple and gamified. Focusing on the 30 most common verbs and tenses necessary to converse fluently, Les Verbes keeps things simple. Targeted at intermediate French language students, it provides short daily quizzes to test your knowledge. This allows for a more natural approach to language learning.

Say goodbye to learning verb conjugation by rote, lists of thousands of verb conjugations (most of which a French language student will never use), and stumbling to find that right conjugation during your French conversation practice. Plus, Les Verbes has a great user experience. Something you can expect when the app is designed and developed by award-winning Melbourne app developer Wave Digital (whose MD, Guy Cooper, is a French language student).

"I had been struggling to find the right French verb conjugation quickly, especially during conversation." says Cooper. "As an app developer, I naturally assumed there would be an app to help me, but the apps on the market didn't give me what I needed. I wanted an app that I could use on the way to work - for just a few minutes a day - that would mimic a real-life conversation with randomised verbs and different tenses." Les Verbes fills this gap. With the app just released on the App Store, Cooper is looking for feedback from users to help inform the next version, including an Android app.

Les Verbes key features:

- \* Take a short daily quiz to test your knowledge
- \* Track your weekly progress
- \* Daily reminders sent via push notification at a time you choose
- \* Choose which verbs you would like to revise from a list of over 30 verbs
- \* Choose from Past, Present and Future tenses (Passe Compose, Present, Futur Simple)

Just 2 minutes per day is all it takes to master the most commonly used verbs and improve the fluidity of your French conversations! It's a perfect companion to the Duolingo app or to supplement your learning in group classes or private lessons. Learning French Verbs has never been so easy!

Device Requirements:

- \* iPhone, iPad, and iPod touch
- \* Requires iOS 9.0 or later
- \* 15.4 MB

Pricing and Availability:

Les Verbes is Free and available worldwide exclusively through the App Store in the Education category. For more information, please contact Guy Cooper, Managing Director.
