

IvySkin introduces the world's first SmartCase for iPhone 3G/3GS

Published on 11/03/09

IvySkin today announced the SmartCase, a new iPhone 3G/3GS accessory that brings a premium power and protection experience to iPhone owners. It offers IvySkin's newest Glass Touch-Thru case called Quattro-T4 bundled with the new Quattro battery. This advanced power distribution system enables the iPhone to receive an additional 200% battery life. The SmartCase includes the SmartPac, Quattro-T4, USB cable and full manufacturer's warranty.

S. Hackensack, NJ - The SmartCase(TM), is a new iPhone 3G/3GS accessory by IvySkin that brings a premium power and protection experience to iPhone's owners. It offers ivyskin's newest Glass Touch-Thru case called Quattro-T4 bundled with the new Quattro battery. Although there are a few companies that offer an extended battery for the iPhone, none offers one as part of a case that is also fully removable.

With the introduction of the world's first Xylo touch-thru case for iPhone, and recently a breakthrough Glass Quattro Touch-Thru cases; It's time to introduce the world's first SmartCase(TM). iPhone 3G / 3GS no longer have to sacrifice performance in one area to achieve it in another. With the new SmartCase(TM), iPhone enthusiasts at every level can enjoy a premium protection with an added 200% of battery life to their iPhone.

SmartCase(TM) Features:

- * Integrated Touch-Thru Glass Screen

- * Battery brain is included at no charge: The SmartCase(TM) sends a signal to the iPhone to drain smartcase's power first before using the its battery. This advanced power distribution system, enables the iPhone to receive an additional 200% battery life

- * 5 LED-light battery status indicator

- * The SmartCase(TM) can be charged without removing the case, it includes a USB cable and a built-in power charger

- * Polycarbonate hard shell case with Polysilicon coating provides a protection that is second to none in the market today

Get results:

- * Standby Time - Up to 350 hours

- * Talk Time - Up to 6 hours on 3G | Up to 12 hours on 2G

- * Internet Use - Up to 6 hours on 3G | Up to 7 hours on Wi-Fi

- * Audio Playback - Up to 28 hours

- * Video Playback - Up to 8 hours
