

Grammarian PRO3 X: Perfect Mac Grammar Checker - 64-bit - Catalina-ready

Published on 10/08/19

Linguisoft Inc. has announced the availability of Grammarian PRO3 X, a major upgrade of the popular grammar, spelling, AutoCorrect, and AutoType proofreading application for macOS. Grammarian PRO3 X is a universal interactive spell and grammar checking, dictionary, thesaurus, AutoCorrect, and AutoType tool that works within every program on the Mac. Sporting a new redesigned user interface, this new version is now 64-bit and macOS Catalina-ready.

Dallastown, Pennsylvania - Linguisoft Inc. has announced the availability of Grammarian PRO3 X, a major 64-bit Catalina-ready upgrade of the popular grammar, spelling, AutoCorrect, and AutoType proofreading application for the Mac. Grammarian PRO3 X is a universal interactive spell and grammar checking, dictionary, thesaurus, AutoCorrect, and AutoType tool that works within every program on the Mac.

Many new features in Grammarian PRO3 X:

- * New redesigned user interface
- * FULL 64-bit support on macOS
- * Works with macOS 10.15 Catalina
- * Full macOS Dark Mode support
- * Grammarian's Document checking window shows the document exactly as it will be displayed with all text formatting and graphics/pictures
- * Document checking now includes a new complete error navigation list
- * The AutoType now types shorthand with graphics and other text with document formatting
- * New built-in system-wide spell and grammar check macOS service with the red and green underlining - Grammarian PRO3 X becomes the built-in macOS spell-check tool - Make replacements in the document with mouse right clicks - Check the full document with the macOS spell-check panel
- * New Readability Statistics Analysis of each sentence: reading grade, readable age, passive sentences, nominalizations, coherence words and phrases - View how interesting every sentence is in real time - View how well each sentence is targeting your audience. And Grammarian PRO3 graphs it in real time as-you-check
- * New Readability Assisted Suggestions that shows the best fit suggestions to make your writing more readable
- * Shows Word Frequency and graphs it in real time
- * Has a new Edit Document feature that allows full word processor editing with formatting and graphics of the document while-you-check
- * Has much improved grammar and spell checking accuracy
- * Checks for many new classes of grammar and spelling errors with over 300 primary writing rules
- * Catches correctly spelled words that are used incorrectly
- * Improved performance and super-fast startup

System Requirements:

- * macOS 10.6.8 and later
