

Win a 2020 MacBook from Koingo

Published on 06/15/20

Longtime Mac developer, Koingo Software is celebrating their 25th birthday by giving away a MacBook this August 1st, 2020. Koingo's CEO, Josh Hoggan has been travelling the globe for the past eight years and wants to share some of the adventure! The new MacBook Air features a 1.1GHz Dual-Core Core i3 Processor with Turbo Boost up to 3.2GHz, 256 GB Storage, and Touch ID. The contest is open to everyone with a valid Instagram or FaceBook account who follow @adventure.josh.

Kelowna, Canada - Koingo Software, Inc. is giving away a brand new MacBook for August 1st! The new MacBook Air features a 1.1GHz Dual-Core Core i3 Processor with Turbo Boost up to 3.2GHz, 256 GB Storage, and Touch ID. Koingo's CEO, Josh Hoggan, has been travelling the globe for the past eight years and wants to share some of the adventure! From an archeological dig in Israel, extreme sports in New Zealand, and ancient history in Egypt to an Amazon survival course in Brasil, volunteering on an animal reserve in South Africa and even filming a documentary in India. Join the adventure and follow Koingo's CEO today to recharge your digital life!

The contest is open to everyone with a valid Instagram or FaceBook account who follow @adventure.josh. Entrant's accounts must have a photo, a minimum of 10 real followers, and have a few posts of their own with at least one being over a year old. The winner will be tagged on August 1st, 2020 and must reply within 72 hours to claim their prize. Standard export laws apply, and the MacBook can only be shipped to countries where Apple already sells the product. No purchase is necessary. Winner must be of the age of majority in their country and eligible with their local laws to claim the prize.

After launching in 1995, Koingo has been a leader in Mac apps. With numerous features in publications over the years such as MacWorld, MacAddict, MacLife, and more, Koingo even held #1 place on the App Store for MacCleanse for some time. Currently, Koingo's flagship applications include MacCleanse (a system cleaner), MacPilot (a system enhancer), Alarm Clock Pro (powerful digital alarm clock), Data Guardian (an offline and secure password storage tool), and Librarian Pro (a home inventory and collection management utility).
