ConceptDraw 7.3 now includes Presentation Mode along with MS PowerPoint export and a faster and improved import of MS Visio generated XML drawing files. These changes and new additions provide business professionals with additional ways to use ConceptDraw 7 for preparing impressive presentations.

### **FOR IMMEDIATE RELEASE**

CS Odessa Ships ConceptDraw 7.3 delivering Business Presentation capabilities and improved import of Visio XML Files.

Odessa, Ukraine, September 18, 2007 - CS Odessa today announces the immediate availability of ConceptDraw 7.3, the new version of CS Odessa's popular vector drawing and diagramming software package. ConceptDraw 7.3 now includes Presentation Mode along with MS PowerPoint export and a faster and improved import of MS Visio generated XML drawing files. These changes and new additions provide business professionals with additional ways to use ConceptDraw 7 for preparing impressive presentations.

ConceptDraw 7, supports both Mac OS X and Windows, makes the preparation of professional business graphics easy for individuals regardless of their drawing skill level. ConceptDraw 7 gives users the ability to create sophisticated and professional looking organization charts, flowcharts and compelling business graphics as well the ability to construct network and database diagrams.

Presentation Mode added in version 7.3 transform ConceptDraw 7 into powerful presentation machine. Users can create slides as separates pages using the versatile drawing tools built into ConceptDraw 7 and also make use of more than 10,000 pre-made shapes suitable for creation of any type of business or technical diagram. MS PowerPoint export is useful for adding animations and special effects to slide presentations.

With the release of ConceptDraw 7.3 all users will now benefit with the addition of Dynamic Help and a greatly improved HTML export that was introduced on in the Macintosh release 7.2 of ConceptDraw 7. All users of ConceptDraw 7.x will be able to receive a no charge upgrade to version 7.3. Special pricing is available for multi-licenses, education and non-profit.

You can read more information about the ConceptDraw 7 at [www.conceptdraw.com](http://www.conceptdraw.com)

ConceptDraw 7 Professional is available for \$299 USD. ConceptDraw 7.3 is a no charge upgrade for registered users of ConceptDraw 7.0 and later. Owners earlier versions can upgrade for only \$149 USD.
