

CS Odessa Announces New Project Management Solution

Published on 02/10/21

CS Odessa today announces their new PM Mind Maps and Tables solution for ConceptDraw DIAGRAM and MINDMAP apps for macOS and Windows. The practice of using mind maps and graphic tables allows project management professionals to represent complex data clearly. The new business solution allows project management professionals to easily document project data that help them visually organize resources and technologies to successfully accomplish the project goals.

Odessa, Ukraine - CS Odessa is pleased to announce their new PM Mind Maps and Tables solution for ConceptDraw DIAGRAM and MINDMAP apps, instantly available in ConceptDraw Solutions. The new business solution allows project management professionals to easily document project data that help them organize resources and technologies visually to accomplish the project goals successfully.

Project management activity always includes a chain of challenging processes. Project implementation within the constrained resources, cost, and time facilitate the utilization of various tools and techniques used to capably manage and accomplish them. The practice of using mind maps and graphic tables allows project management professionals to represent complex data clearly, so it becomes easier for businesses and their employees to plan, track, and finally, successfully execute projects.

Professionals engaged to project scope management and project planning can use these graphic tools for ConceptDraw DIAGRAM and ConceptDraw MINDMAP to design some sorts of visual project documents including mind maps, RACI, or RACIQ matrices, tables, and presentations based on pre-designed templates and samples.

The powerful suite of three products found in ConceptDraw OFFICE v7 is designed for knowledge workers, project managers, managers, and academics and retails for \$299US per end user license. The combination of diagramming, mind mapping, and project management tools along with no charge dynamic support and ongoing development make ConceptDraw OFFICE v7 a good choice to support the activities that move businesses ahead.
