Brno, Czech Republic - MADFINGER Games announced today an investment of 5 Million Euro from Nuverse, the game development and publishing company. MADFINGER will use the financing to attract the best talents in the industry to develop its upcoming next-generation games and further improve the current award-winning Shadowgun and Dead Trigger franchises. The funding allows the company to scale up its hiring and expand its team, with a pool of international experts that will bring new knowledge and creativity and further establish MADFINGER as a key player in mobile gaming.

Nuverse's industry's know-how and strong marketing expertise are solid competitive advantages that will help MADFINGER reach, and bring fun to, more gamers.

"We are thrilled to have Nuverse on board. They provide us not only capital but also a solid experience in the gaming market," said Marek Rabas, Founder and CEO of MADFINGER Games. "The funding allows us to hire new talents from all over the world to accelerate the release of our games."

Nuverse is a game development and publishing company for players and developers around the world. The company is dedicated to serving gamers worldwide by offering top-tier games, building a global community, and providing fun and inspiring experiences for every gamer. Nuverse's investment is a clear testimony for MADFINGER and the quality of its games. Both companies have a shared commitment to mobile gaming and to delivering incredible gameplay, stunning graphics, and flawless experiences that gamers deserve.

MADFINGER is hiring now. Talents interested in joining the company can reach out to the HR team today or apply via our career's website.
