

## **eOrdering eCommerce line updated to version 3.5.4**

Published on 02/11/07

LAJ Design is pleased to announced the immediate availability of version 3.5.4 of the eOrdering eCommerce line.

The line is made up of eOrdering Complete, eOrdering Gold, and eOrdering Professional. All three are cross platform applications that create eCommerce websites. Complete is designed for products with single cost options. Gold adds the ability to have several cost options per products (perfect for photographers). Additionally Professional lets you split your site into categories and o

Birmingham, Alabama (February 9, 2007) - LAJ Design is pleased to announced the immediate availability of version 3.5.4 of the eOrdering eCommerce line.

The line is made up of eOrdering Complete, eOrdering Gold, and eOrdering Professional. All three are cross platform applications that create eCommerce websites. Complete is designed for products with single cost options. Gold adds the ability to have several cost options per products (perfect for photographers). Additionally Professional lets you split your site into categories and other pro options (perfect for event photographers and small businesses).

### Overview

-----

eOrdering allows small businesses, photographers, and artists to put their products online and take orders online. Professional allows for categories for making larger eCommerce sites. It is ideal for event photographers to let customers order their pictures while at the event or let them order later on the internet or for businesses to put their products online for customers to order from (for smaller sites use eOrdering Gold or eOrdering Complete).

### New or Changes

-----

#### Features added in Version 3.5.4

[fixes] A variety of fixes

[new] Improvements to watermarking, email a friend and other features

For the complete list of changes please refer to our website.

eOrdering Complete is shareware software, and costs US \$65 to purchase.

eOrdering Gold is shareware software, and costs US \$75 to purchase.

eOrdering Professional is shareware software, and costs US \$450 to purchase.

This is a free update to version 3 registered users.

A fully-functional demo version, which expires after 20 days, is available.

The eOrdering line runs on Windows (98,ME,NT,2000, and XP) and Macintosh (X). With version

2.6.0, we have dropped support for Mac OS 8 and 9, but you can still download 2.5.9 for

prMac: Publish Once, Broadcast the World :: <http://prmac.com>

those Mac OS classic version.

QuickTime is required if you want to use image types other than JPEG, GIF, TIF, and PNG for products (QuickTime only needed on the computer running eOrdering).

LAJ Design was created in late 1998 dealing primarily with web design. Since the end of 2000, LAJ Design has been developing software for both Macintosh and Microsoft windows. Most of the programs were made to fit an in house need and were further designed for the outer world. We strive for easy to use programs full of power and options. The first program we released was Quickie Web Albums.
