

WaterField Designs Suede Jacket for the Motorola Droid - Thin as it Gets

Published on 11/10/09

USA-Manufactured, WaterField Designs Suede Jacket for the Motorola Droid: Custom-fitted, scratch-proof, Ultrasuedecase for the new smartphone. WaterField Designs custom-fitted Suede Jacket case for the Motorola Droid is high-quality and budget friendly. The minimalist WaterField Suede Jacket provides a snug but comfortable fit specifically sized for Motorola's newest smartphone. Available exclusively from the SFBags website.

San Francisco, California - WaterField Designs, an innovative leader in custom laptop sleeves and designer bags and cases for consumer electronics, announces a new, custom-fitted Suede Jacket case for the Motorola Droid. The minimalist WaterField Suede Jacket made from scratch-free Ultrasuede(TM), provides a snug but comfortable fit specifically sized for Motorola's newest smartphone.

WaterField's Suede Jacket cases are form-fitted to a particular mobile device so each stays snug for better protection. The simple, smart-looking Suede Jacket for the Droid is made from soft, 100% scratch-free Ultrasuede(TM), which absorbs a bit of shock and protects the phone from scrapes and small, accidental bumps. Simply slide in the Droid when not in use, and pinch the bottom of the case to easily retrieve it when it is needed again. When necessary, the Suede Jacket can double as a screen cleaner.

"If you want a case to protect your new phone without adding bulk, you'll find our Suede Jackets may do the trick" explained owner, Gary Waterfield. "Slip your phone into the jacket and it stays secure so it doesn't easily fall out, yet you can quickly take the phone out by pushing the bottom so it glides out of the case. You can also put your Droid in its Suede Jacket into our newest man bag, the Muzetto - a favorite of Mad Men actor Rich Sommer - or in any other bag you may have."

The Motorola Droid in its Suede Jacket fits into WaterField's Travel Case - a case to hold the Droid or other device, a charger and other accessories - or into any one of WaterField's trendy larger bags: the new Muzetto, or the Cargo, Cozmo, Hardcase, Racer-X, Sling or Vertigo.
