

Gee Logic releases Video Poker: Jacks or Better for iPhone/iPod touch

Published on 11/13/09

Gee Logic Software Co., LTD today released Video Poker: Jacks or Better 1.0 for iPhone and iPod touch. Video Poker is a simulation of video poker machines featured in casinos. It is based on Jacks or Better variant. Video Poker is a casino card game based on Five-card draw poker first appeared in the mid-70s, and has been popular among casinos throughout the world since. If you're a Video Poker fan, this will be a perfect companion for your iPhone and iPod touch.

Hong Kong - Gee Logic Software Co., LTD today released Video Poker: Jacks or Better 1.0 for iPhone and iPod touch. Video Poker is a casino card game based on Five-card draw poker first appeared in the mid-70s, and has been popular among casinos throughout the world since. This game is a simulation of video poker machines featured in casinos. It is based on Jacks or Better variant.

There are already a list of features planned and being developed. We'll keep updating it regularly, and aim to make it the only Video Poker game you'll ever want to keep on your iPhone / iPod touch. If you're a Video Poker fan, this will be a perfect companion for your iPhone and iPod touch. If you're a poker learner and just started playing poker, this will also be a perfect tool for you to learn about poker hand.

Feature Highlights:

- * Shuffle Engine (our own proprietary Random Number Generation engine)
- * Card Animation

Up coming updates:

- * Improved shuffle mechanism (although already very good, we want it to be even better)
- * Graphical and UI improvement
- * New logo
- * Other enhancements

Device Requirements:

iPhone and iPod touch 3.0 or later

Pricing and Availability:

Video Poker: Jacks or Better 1.0 is only \$0.99 (USD) and available worldwide exclusively through the App Store in the Games category.
