

## **Free X-PDF 9 & Crossroads Workflow Solutions Guide now available**

Published on 11/15/09

ThePowerXChange is pleased to announce the availability of the free X-PDF 9 and Crossroads Workflow Solutions Guide, North American Edition, providing product details and system requirements for time-saving and valuable tools available for PDF creation, correction, preflight and delivery.

London, United Kingdom - ThePowerXChange, the source for extended technology, is pleased to announce the availability of the free X-PDF 9 & Crossroads Workflow Solutions Guide, North American Edition, providing product details and system requirements for time-saving and valuable tools available for PDF creation, correction, preflight and delivery.

In cooperation with the participating software manufacturers, and in response to frequent requests from North American customers, ThePowerXChange has produced the free guide to offer users a comprehensive single source for many of the tools available to expedite and streamline their PDF workflows. The X-PDF 9 Guide includes categories for Automation, Creation, Editing/Management, Output/Imposition, Preflight and a new section dedicated to Crossroads Workflow Solutions that support the Switch workflow technology from Enfocus.

"We are frequently asked for a comprehensive listing and summary guide of the popular tools available for PDF workflows, and by working with our vendors and developers we have produced the North American version of the X-PDF 9 Guide for just that reason. The piece provides users with insight into the type of technology out there - and more importantly - how they might utilize them to optimize and streamline their workflows," states Greg Stodghill, Support Services Manager at ThePowerXChange.

The 53 page guide is now available as a free PDF download at the ThePowerXChange website. For more information, users can call on 877-940-0600.
