

## Free Black Friday iPhone App Released by TGI Black Friday

Published on 11/21/09

DealCatcher today announce TGI Black Friday for iPhone and iPod touch. Consumers now have a new mobile tool to save time and money while holiday shopping this Black Friday. The app allows users to browse over 8,000 deals from all the major retail store's Black Friday ads. Users can create a personal shopping list within the app to map out their Black Friday shopping. They can also use the app to compare prices with online stores and purchase select items online avoiding the crowds.

Wilmington, Delaware - Consumers now have a new mobile tool to save time and money while holiday shopping this Black Friday. TGI Black Friday has just released a Black Friday iPhone App to help plan holiday shopping wisely. The app allows users to browse over 8,000 deals from all the major retail store's Black Friday ads.

Users can create a personal shopping list within the app to map out their Black Friday shopping. They can also use the app to compare prices with online stores and purchase select items online avoiding the crowds. PC Magazine named TGI Black Friday one of the top 3 online Black Friday resources. The TGI Black Friday iPhone app available for download in the Apple iPhone App store immediately.

### iPhone App Features:

- \* View Black Friday ads for all major retail stores
- \* Search thousands of Black Friday deals across stores and categories
- \* Create a personal shopping list to check off items as you purchase them on Black Friday
- \* Email your shopping list or individual deals to yourself or others
- \* Get exclusive online deals and coupons
- \* Compare prices for items to confirm you are getting the best deal on Black Friday
- \* Shop online for items that may be available before Black Friday

### Device Requirements:

- \* iPhone or iPod touch 3.1 or later
