Westerville, Ohio - Funky Visions is proud to announce the follow-up game to their Top 100 App "Jiggle Balls". The balls are back in town! Jiggle Balls: Spikes! is a new game by the makers of Jiggle Balls. You control SPIKEY the big purple ball. Your goal? Smash the JIGGLE BALLS before time expires. Your weapon of choice? Gravity! Rotate your iPhone or iPod Touch to control the direction of the balls. Pin them in a corner and squash 'em!

But there are obstacles that are bent on making your job more difficult - BLOCKERS, FADERS, and SLIDERS. Blockers look a lot like Spikey and get in your way. Faders come and go. They can work to your advantage, as a shortcut, but they may also drop the balls out of sight as you approach. Sliders move with the gravity too. You will have to be fast to navigate around them. 25 levels to challenge you. Each level has new puzzles and obstacles to overcome. Continue from the last level completed or retry any level. Challenge your friends to start from the first level and see how far they can get?
