

iPresentee releases Keynote Animations 3.0

Published on 11/24/09

iPresentee today releases Keynote Animations 3.0 for Apple's Keynote presentation software. The new package contains 115 animations. It includes 80 animations from the previous release and adds 35 new remarkable animations which are made with the precision, highly detailed and easy to use. Within Apple's Keynote these animations can be changed in size, rotated, increased or decreased in opacity or even overlapped with each other to create extra effects.

Vilnius, Lithuania - iPresentee, the developer of add-ons for Apple's iWork and iLife applications, today releases Keynote Animations 3.0 to be used with Apple's Keynote presentation software. The new package contains 115 animations. It includes 80 animations from the previous release and adds 35 new remarkable animations which are made with the precision, highly detailed and easy to use.

Even when the dark and moody autumn is outside, the outstanding animations will help to retain an excellent ambience during the presentation. iPresentee is offering high quality, easy to use, effective, funny and attractive animations to expand your Apple's Keynote features. Furthermore iPresentee offers to download full quality samples of Keynote Animations for free. Select the right animation, drag it to the chosen slide, press play and enjoy the way presentation comes to life.

Creating an unforgettable presentation with Keynote Animations is a snap. The background of all animations for Keynote is transparent and can be used on any colored background. Within Apple's Keynote these animations can be changed in size, rotated, increased or decreased in opacity or even overlapped with each other to create extra effects.

Minimum Requirements:

- * Mac OS X 10.4.3 Tiger and later
- * any version of Keynote
- * 1 GB Hard Drive space

Pricing and Availability:

Keynote Animations 3.0 may be purchased for \$25 USD. Samples and more information about Keynote Animations 3.0 are available immediately at the iPresentee website.
