

Black Friday Deals at Creaceed - All Mac Apps at 33% Off

Published on 11/26/09

Creaceed today is proud to announce a special Black Friday promotion on their Mac applications. From Thursday 26th November to Saturday 28th November 2009, interested Mac users can purchase a user license for Prizmo, Hydra, Magnet and/or Morph Age at a 33% discount. All they have to do is to use coupon code "BlackFriday09" when they order on Creaceed's store. And last but not least, discounted copies have the same upgrade rights as regular copies.

Mons, Belgium - Creaceed today is proud to announce a special Black Friday promotion on their Mac applications. From Thursday 26th November to Saturday 28th November 2009, interested Mac users can purchase a user license for Prizmo, Hydra, Magnet and/or Morph Age at a 33% discount. All they have to do is to use coupon code "BlackFriday09" when they order on Creaceed's store.

The 33% discount applies to following Mac applications (available for download on Creaceed's website):

Prizmo 1.2:

- * Scan everything with a digital camera, and use a state-of-the-art OCR engine in 10 languages. Now also with scanner support under Snow Leopard.
- * Compatible with Mac OS X "Leopard" 10.5 and "Snow Leopard" 10.6
- * Available in English, French and German
- * Only \$26.77 (discounted from \$39.95)

Hydra 2.1.3 + Aperture Plug-in:

- * Easily create HDR images, i.e. images which are closer to what your eyes actually see
- * Compatible with Mac OS X "Leopard" 10.5 and "Snow Leopard" 10.6
- * Available in English, French, German, Italian and Japanese
- * Only \$53.67 (discounted from \$79.95)

Magnet 1.5:

- * Add special effects to moving objects in a QuickTime movie. Magnet 2.x will be released within a few weeks.
- * Compatible with Mac OS X "Tiger" 10.4 and "Leopard" 10.5
- * Available in English and French
- * Only \$26.77 (discounted from \$39.95)

Morph Age Regular 4.0.6:

- * Create stunning morphing animations from still images
- * Compatible with Mac OS X "Leopard" 10.5 and "Snow Leopard" 10.6
- * Available in English, French and German
- * Only \$40.17 (discounted from \$59.95)

Morph Age Pro 4.0.6:

- * Create stunning morphing animations from still images and/or movies
- * Compatible with Mac OS X "Leopard" 10.5 and "Snow Leopard" 10.6
- * Available in English, French and German
- * Only \$100.47 (discounted from \$149.95)

And last but not least, discounted copies have the same upgrade rights as regular copies.
