

## **New Website Connects Businesses, Entrepreneurs with Android Developers**

Published on 11/30/09

Optimum Lead Generation, LLC announced today the launch of AndroidAppDevelopmentQuotes, a free service for entrepreneurs and businesses who want to find reputable, pre-screened Android App Developers. Demand is strengthening with the release of Motorola's new Droid phone. Consumer awareness and media buzz have also picked up as the "Droid Does" advertising campaign reaches a wide audience.

Royal Palm Beach, FL. - Optimum Lead Generation, LLC, the parent company behind iPhoneAppQuotes, the leading network that helps you find an iPhone App Programmer announced today the launch of AndroidAppDevelopmentQuotes a free service for entrepreneurs and businesses who want to find reputable, pre-screened Android App Developers.

"In the last 8 months our iPhone App developer network has increased 10 fold with the explosion of mobile apps," Gregg Weiss, Founder of iPhoneAppQuotes said. "Many developers in our network have added Android application development to their list of services. We have answered the need and created another resource to connect people with reputable, pre-screened Android developers for hire."

According to mobile analytic firm Flurry, the number of Android project starts increased 94% in October 2009 as compared to September 2009. Demand is strengthening with the release of Motorola's new Droid phone. Consumer awareness and media buzz have also picked up as the "Droid Does" advertising campaign reaches a wide audience.

"For businesses and entrepreneurs that already have their feet wet creating iPhone apps, it's important to note the differences between Android app development and iPhone app development" noted Mr. Weiss. "The cost to develop for Android can be substantially higher. This is largely due to the multiple device support for Android that requires testing on several different screen sizes and resolutions".

AndroidAppDevelopmentQuotes was created to provide businesses and entrepreneurs an easy way to connect with Android app development companies and receive free price quotes for building custom Apps for Google's Android mobile operating system. For Android application developers, AndroidAppDevelopmentQuotes offers an affordable and effective way to generate more business by joining the exclusive network. AndroidAppDevelopmentQuotes is open to experienced developers who already have Apps in the Android Market and pass a screening process to be a network member.
