

Free Live FileMaker Web Publishing Webinar

Published on 10/05/07

FMWebschool, Inc. announces a live webinar demonstrating the power of FileMaker web publishing. Those curious about learning how to bring FileMaker to the web, this webinar is for you. In this Live webinar we will create an online music site in under an hour. Using FMStudio and PHP, in this live online broadcast, we will show you how to build a website that would take professionals hours to reconstruct. Learn how to quickly add this invaluable resource to your FileMaker talents.

Richmond, VA - October 5, 2007 - FMWebschool, Inc. is proud to announce a live webinar demonstrating the power of FileMaker web publishing. If you are curious about learning how to bring FileMaker to the web, this webinar is for you. In this Live webinar we will create an online music site in under an hour. This Live demonstration will use FMStudio and PHP.

Have you ever had any of these thoughts?

- * FileMaker web publishing is too difficult
- * I don't have the time, it will take years to master
- * I will have to learn PHP

Our Promise - In 60 short minutes we will put all of those myths to rest. Spend an exciting hour with us as we build an entire online music site. In this live online broadcast, we will show you how to build a website that would take professionals hours to reconstruct. Learn how to quickly add this invaluable resource to your FileMaker talents.

To make things even more interesting, we will create the site in 45 minutes, and then have an informative question and answer period.

This is going to be a very basic site correct? Actually the site will have a great deal of features. Login, adding, deleting and editing records. We will work with images, upload sound files, email, create charts and more. Using the power of PHP you will be able to see the results live in FileMaker.

This webinar will demonstrate the power and simplicity of FileMaker web publishing. Attendees will also be able to download a free copy of this webinar, sample web files and the example database.

Space is limited, so please register early!
