Return to Mysterious Island:

In this first-person survival adventure, players will encounter recognisable locations from the famous novel, including the granite house, the volcano and the Nautilus. However, Return to Mysterious Island goes beyond Jules Verne's storytelling as players take on the role of Mina, a courageous young woman on a solo round-the-world sailing expedition.

One day, in horror, he discovers that both master and daughter have been kidnapped.

Destination: Treasure Island:

Four years have passed since the end of the adventure recounted in Robert Louis Stevenson's novel. Jim Hawkins has become an upstanding adventurous young man, attentive to those around him. Imagine his surprise when, one morning, he sees a parrot enter his bedroom window: none other than Captain Flint, Long John's own companion. The bird brings him a message from his master.

Secret of the Lost Cavern:

In 15,000 B.C., strange symbols found while hunting remind Arok of an encounter with a charismatic traveler a long time ago. In order for him to find his long-forgotten friend, the most brilliant painter of Prehistoric times, Arok begins a long and perilous journey.
