Ekerö, Sweden - Maintain, the creators of the general purpose utility Cocktail for Mac OS X, today are happy to announce our new blog! If you like Cocktail you will definitely enjoy our new blog with hints, tips and tech news about how to make your Mac run even better. The blog is available online today and we will post regular updates which we think will be a valuable resource for our users. Make sure that you subscribe to our RSS feed and recommend the blog to your friends.

With this the team at Maintain wishes you a Merry Christmas and a Happy New Year!

Cocktail is an award winning general purpose utility for Mac OS X. It is a smooth and powerful digital toolset with a variety of practical features that simplifies the use of advanced UNIX functions and helps hundreds of thousands of Mac users around the world to get the most out of their computers.

The application serves up a scrumptious mix of maintenance tools and interface tweaks, all accessible via a comprehensive graphical interface. Most of Cocktail's major features are arranged in five basic categories. In addition, a Pilot lets you clean, repair and optimize your system with one click of the button.
