Softpress announces Leopard-enhanced Freeway 4.4

Published on 10/24/07

To coincide with the release of Apple's Mac OS X Leopard on October 26th, Softpress will release version 4.4 of its award-winning web design applications. Both Freeway 4 Pro and Freeway 4 Express add compatibility with Leopard's new "Quick Look" feature and are free to existing users of Freeway 4 as a download from the Softpress website. As one of the over 300 new features included in Leopard, Quick Look gives an instant preview and improves user recognition of files created in Freeway 4.

"Congratulations to Apple on this groundbreaking release," commented Richard Logan, Managing Director of Softpress. "Although we have been Leopard-ready for some time, we're delighted to offer a free update that goes beyond compatibility and adds real-world functionality." Registered users will be able to download the update at the Softpress website.

Softpress was founded in 1993 to address the emerging needs of professional publishers and designers for cross-media authoring tools. Freeway, and its extensive feature set, result from Softpress' ongoing efforts to identify and meet the real needs of web designers in today's environment. Softpress creates tools that many people rely on for their day-to-day business, so they listen carefully to their customers. Future upgrades and product offerings will continue to demonstrate Softpress' commitment to quality, leading-edge innovation and customer service.
