With Digital Bookmark you can easily save notes and page numbers to get you right back to where you were last time. Have you have ever wanted a better option to keeping track of Every single book you read? Maybe you needed to quickly take down some notes but had nowhere to write them.

Sydney, Australia - Dokimi has released Digital Bookmark 1.0 for iPhone and iPod Touch. Digital Bookmark allows you to easily organize, handle and update all your books digitally, all in the one place. With Digital Bookmark you can easily save notes and page numbers to get you right back to where you were last time. Have you have ever wanted a better option to keeping track of Every single book you read? Maybe you needed to quickly take down some notes but had nowhere to write them.

Digital Bookmark saves you the hassle of keeping track of every single book you read, every page number you have reached, and anything else. You can easily add bookmarks to Digital Bookmark. And with a few taps you can quickly update the page numbers or add notes. It will get you right back to where you were last time. Digital Bookmark provides a great interface with many options such as the ability to send all your stored bookmarks to a computer via email. Digital Bookmark will keep track of everything for you, and best of all, it is always easily accessible.

### Features:

- \* Add bookmarks
- \* Store notes on selected books
- \* Store the page number you have reached and update it easily with the 'Update Page Number' shortcut
- \* Send all your bookmarks to a computer via email

### Device Requirements:

- \* iPhone or iPod Touch 3.0 or later

### Pricing and Availability:

Digital Bookmark 1.0 is only \$0.99 (USD) and available worldwide exclusively through the App Store in the Books category.
