This application is the hottest thing to hit the market in recent memory, offering fifty top-quality video clips and one hundred photos of some of the sexiest, most gorgeous models in the world. Coming from JENS, developers of the steamiest apps available, users already know the product will surpass their expectations.

London, UK - Announcing that JENS Ltd., the developers of Paradise TV, has released another in their long line of sexy products. This application is the hottest thing to hit the market in recent memory, offering fifty top-quality video clips and one hundred photos of some of the sexiest, most gorgeous models in the world. Coming from JENS, developers of the steamiest apps available, users already know the product will surpass their expectations.

Users of JENS products are well aware of the quality offered by the developer. JENS has an ever-increasing list of sexy apps for the iPhone and iPod Touch, which contain unique, professionally shot photographs and video, many of which are exclusive to JENS.

This app captures the best of two worlds - breathtaking photos and steamy hot videos. Developers have included one hundred still shots of beautiful models and thirty minutes of streaming video, with users able to select from fifty different film clips. As everything a user needs is downloaded with purchase of the app, Paradise TV can be enjoyed, even without an internet connection.

Paradise TV Features:

- * The hottest models on Earth
- * 30 minutes of streaming video
- * Easy to use controls
- * Free updates
- * Links to our other Top Bikini Model apps

When a user finds a favorite model, they can use the photo as their device's wallpaper or share with a friend through email. It's hard to imagine that JENS could have topped their Covergirl 2 or Top 200 - Swimwear, Lingerie and Bikini Models, but it seems that they have. A hungry market is watching to see what smoking hot app they come up with next.

Device Requirements

- * iPhone or iPod Touch 2.2.1 or later
