

TextExpander touch Integration Now Available in Twittelator 3.6

Published on 01/11/10

TextExpander touch, the iPhone version of SmileOnMyMac's customizable typing shortcut tool, is now integrated in Twittelator Pro and Twittelator Free from Stone Design. Twittelator users can expand their TextExpander snippets while typing within the Twittelator app. The TextExpander touch Software Development Kit (SDK), which allows iPhone developers to integrate TextExpander functionality into their applications, consists of a free TextExpander engine library and sample code.

San Francisco, CA - TextExpander touch, the iPhone version of SmileOnMyMac's customizable typing shortcut tool, is now integrated in Twittelator Pro and Twittelator Free from Stone Design. Twittelator users can expand their TextExpander snippets while typing within the Twittelator app. To encourage Twittelator users to try TextExpander touch, SmileOnMyMac has extended a special sale. Through January 16, 2010, TextExpander touch is only \$1.99, a 60% discount off the regular price of \$4.99.

Two other Twitter apps, Tweetie 2 and Simply Tweet, have also integrated TextExpander touch. A complete list of apps with TextExpander touch integration is available at the SmileOnMyMac website. The TextExpander touch Software Development Kit (SDK), which allows iPhone developers to integrate TextExpander functionality into their applications, consists of a free TextExpander engine library and sample code.

TextExpander touch features:

- * Compose notes quickly and easily that contain frequently-used text, addresses, phone numbers, email signatures, URLs, etc.
- * Automatically insert your notes into Mail and Twitter clients, or copy-and-paste into other apps on your iPhone
- * Integrated in Tweetie 2, Twittelator, SimplyTweet, Pocket Informant, WriteRoom, Simplenote and other apps
- * Add TextExpander snippets from your Mac via your local network
- * Use multiple snippet groups
- * Add Predefined Groups such as accented words, symbols, HTML, and CSS

Device Requirements:

TextExpander touch requires an iPhone or iPod touch running iPhone OS 3.0 or later
